Utility District's Earnings Gain For Past Year

Raise In Water Rate Seen As Annual Report Filed Here

From an operating revenue of $118,506.73, the Truckee Public Utility District realized a net revenue of $17,875.92 during the fiscal year ended June 30, according to the audit recently completed by Harry M. Straine and Sons of Sacramento.

The bulk of both the operating revenue and the net revenue were in the electric department, which accounted for a gross of $99,964.94 and a net of $17,173.30. The water department showed a net revenue of only $702.62 from a gross income of $18,541.79.

Principal cost in the electric department, the report shows, was for purchase of electric energy amounting to $49,485.51 for the year. Other production and operating expenses included repairs and replacements such as pole and line equipment $3,084.56; service lines, $3,745.67; meters, $385.65; street lighting, $310.46 and small tools, $61.23.

Other Costs

Other electrical costs showed $10,137.50 for office executive salaries; $3,712.23 for office supplies; $1,325.00 for legal and audit fees; $1,148.56 for auto expense; $912 for rent; $549.92 for sale promotion and other sundry items.

The report shows the electric department was enriched by $4,212.67 from land sales, $580 from rent; $915.96 from interest and $107.39 from miscellaneous sources.

The water department, according to the report depreciated to the extent of $9,855.19, while other charges included power, $1,310.18; repairs and replacements $5,491.72; small tools, $394.14; auto expense, $353.32; interest expense, $401.26; and sundry other items.

Ask Rate Increase

The report recommended an increase in water rates since it was shown that a major portion of the expenses which should be charged to the water department are borne by the electric department. It is also recommended that a charge be made to new water customers for installation.

CHECK WRITER IS FOUND IN RIVER

A check writer, apparently discarded only recently in the Truckee River half a mile west of here, was recovered by Boy Scouts camped on the river and turned over to Constable N. F. Dolley. The machine, a Paymaster, had the identifying mark "motors" in the stamp. The constable presumes the machine may have been stolen and thrown into the river.

Dr. Hahn Will Open New Office In Capital Area

Dr. and Mrs. George Hahn were visiting friends on Wednesday from Sacramento where he is establishing his practice in the Country Club district near the capital city.

The Hahns left here several weeks ago to seek a new location in the lower altitude.

Civil Defense Officials Seek Truckee Survey

Accompanied by John Trauner, county civilian defense coordinator and Mrs. Bess Wells of Grass Valley, member of the county committee, E. C. Setzer, regional coordinator of the Office of Civil Defense from Stockton, was here this week to arrange a survey of the region as an evacuation center in event of an enemy attack on the Pacific Coast.

The survey will include the availability of rooms, supplies, hospital and medical facilities and other requirements. The county committee is working with Supervisor H. G. Loehr in the project.

PAYS FINE

PLACERVILLE—John R. Banister of Tahoma, Lake Tahoe, paid a fine of $263 for driving with a suspended operator's license and is free on $1000 bail pending a hearing on a charge of drunk driving.

Preliminary Today

AUBURN—A preliminary hearing for Joseph Garcia, 22, and Julio R. Franco, 33, on a charge of assault with intent to commit rape, was set for Thursday at 2 p. m. before Judge Eugene Erskine. The pair are held on a complaint signed by A. E. McFarlane, investigator for the district attorney's office. A 31 year old woman charged the defendants with assaulting her and tearing her clothing on Donner Summit.

Mrs. Leo Smisek was the incentive for a party given Friday by members of the staff of the Bank of America.

New Croy Book Tells Vivid Story Of Donner Party

A personal character study, with strict historical fact and more interesting and human than any other account of the trials of the famous Donner Party, would possible describe Homer Croy's most recent book, "Wheels West."

A remarkable and capable story teller, Croy wrote into his record of the Donners many hitherto unrecounted facts, but above all he found the human side and gave each of the several characters more than the cold impersonal treatment which historians are likely to dwell upon in their accounts.

Tamsen Donner, for instance, was portrayed as a wife and devoted mother, who sacrificed, loved and was loved—not as a figure of rather greusome history. Others were handled by Croy in a similar vein, each being given life and character. The book, unlike many others, where history formed the background, holds the reader's interest as the story unfolds day by day, week by week, until the final tragic end.

To obtain his facts, Croy, a resident of New York, but equally well known in most parts of the middle west and especially in his native Missouri, came west and followed the trail of the Donners. His sources of information were taken all the way from England to San Francisco, and he availed himself of every known fact before setting out to tell his story. This close research is found on every page of "Wheels West," but solid facts do not at any place detract from the human interest which prevails throughout the narrative.

From a local reader standpoint, we would say "Wheels West" should be on the "must" list, and we congratulate Homer Croy for a tough job well done.—W.M.B.

LAST RITES HELD AT SACRAMENTO FOR MRS. JOHNSON

Local friends were saddened to learn of the death of Doris M. Johnson in Sacramento on July 29, following a lengthy illness.

Mrs. Johnson was well known in Truckee and Donner Summit district where the family made their home for a number of years.

On Monday last rites were held in the capital city, followed by entombment in East Lawn Mausoleum.

The deceased was a native of Montana and was the wife of Martin Johnson, mother of Mrs. Jean Coleman, Mrs. Marie Forrest, Byron A. and Martin Johnson, Jr.. Two brothers, James and Burtis Rumsey also survive.

The entire community will join in extending sympathy to the family.

Efforts Continue Here To Provide For Zoning

Placer County Board of Supervisors this week passed the zoning ordinance which was designed to prevent the construction of undesirable and unsanitary structures in the region to be affected by the 1960 Olympic Winter Games.

At the same time, efforts by local interests, spurred by the Truckee Chamber of Commerce, to get a similar ordinance before the Nevada County Board, were continuing.

President Hal Welch of the chamber, will appear before the county planning commission August 30 with a committee which will be named to act as advisors for the commission and present detailed plans for zoning the eastern section of the county.

On Investigation

District Attorney Vernon Stoll and Sheriff Wayne Brown were here this week investigating the charges of grand theft and embezzlement filed recently against Harold Gilson and William Ost by Mrs. Lucille Cross official of the Truckee Tahoe Lumber Company.

HURT IN CRASH

Irene Foldson and Saul L. Pintchuk, 62, both of Crystal Bay were treated for cuts and bruises at Washoe Medical Center after their car went off the Mount Rose road, 15 miles west of Reno.

Land Owners At Squaw Agree To Assist Olympics

State, Federal Agencies At Meet Discuss Plans For 1960

Owners of land in the vicinity of Squaw Valley have unanimously agreed to cooperate fully with Gov. Goodwin J. Knight's 1960 Olympic Committee and do everything in their power to make the affair an outstanding success.

This was learned following a meeting of the principal landowners at Squaw Valley Tuesday afternoon. The session was arranged by State Senator Harold T. Johnson and was sponsored by the Placer County Chamber of Commerce.

Among the principal land-owners represented at the session were the U. S. Forest Service, Squaw Valley Development Company, Squaw Valley Livestock Company, the Southern Pacific and Kuhn Miller.

A. M. Nash of Marysville, representing the state division of highways, gave assurance of his department that efforts would be expanded to provide adequate access while Captain Robert Langer and Sergeant Ed Freeman of the California Highway Patrol were on hand to offer any assistance in their phase of the transportation problems.

Hal Welch represented the Truckee Chamber of Commerce at the meeting and invited Senator Johnson to hold a meeting in Truckee in the near future to go over the details of the games as they will affect this community.

Alex Cushing of Squaw Valley, whose efforts at the International Olympic Committee meeting in Paris, were largely responsible for this area being chosen, spoke before the Tuesday meeting, explaining the wishes of his group to make the affair a huge success as a benefit for the entire state and country.

Young Riflemen Warned By District

Youthful Davy Crocketts with rifles who are finding targets at the Truckee Sanitary District's dump grounds and at the disposal plant east of here, are going to find themselves in a heap of trouble unless the practice stops.

The governing board of the district promises prosecution for violaors. Fire protection water barrels at the dump are being riddled with shot and the line across the river to the disposal plant has been punctured frequently.

The vandalism is expensive and dangerous, the board pointed out and must be stopped immediately.

Water Hearing Attracts Origin County Boards

Fifteen of the 19 counties of water origin met Thursday, July 28, in Placerville, and approved the formation of an organization to work for water development of these mountain counties.

More than 100 representatives met in the all-day session, and heard Senator Edwin J. Regan of Trinity County, stress the need for the formation of an adequate organization if the mountain counties are to work with other groups and protect their water rights. He strongly recommended a survey of water needs and the need to preserve harmony if the overall water problem of California is to be intelligently solved. The meeting was presided over by E. A. Chappie, El Dorado County supervisor, and member of that county's water committee.

In addition to Amador, Butte, Calavaras, Lassen, El Dorado, Inyo, Mariposa, Mono, Placer, Nevada, Shasta, Tuolumne, Trinity, Plumas. Siskiyou, Tehama, representatives from Sacramento, Fresno and San Diego attended. The group included supervisors, water consultants, engineers, attorneys, members of water and irrigation boards, legislators and others.

California produced ten million turkeys in 1954.

SUNBEAMS

By WALTER M. BARRETT

An exemplification of what can result from a small spark was seen Saturday night in the fire which wiped out one of the district's principal industries and ravaged 40 acres of brush and timberland. Those who witnessed the fire couldn't help but wonder what would have resulted had the wind been in another direction and the flames had been carried into populated areas. It is so easy to prevent a fire and so hard to conquer one that it seems only common sense that every precaution be used in handling fire of any kind at all times. The woods are vulnerable at this time of the year and a carelessly tossed cigarette or a discarded burning match could easily start a fire which might ravage the entire countryside. As Smokey the Bear says: "Only you can prevent a forest fire."

* * *

Small boys with rifles should by all means be carefully supervised by an adult who recognizes the dangers of firearms and the damage which can be caused. Puncturing fire prevention water barrels, shooting holes in sewer pipes and damaging other property may be fun for the boys, but it can prove especially costly and highly dangerous. We suggest that law enforcement officers make it a point to correct this situation before real harm is done.

SMART RESIGNS AS MEMBER OF LOCAL SANITARY BOARD

The resignation of Reginald Smart as a member of the Truckee Sanitary District was accepted at a meeting of the board of directors this week. The resignation became immediately effective.

Smart said that the stress of personal business, which includes the erection of a new $100,000 restaurant near the Tahoe Truckee Wye, prevents him from devoting the time he feels the job requires.

The board accepted the resignation reluctantly. No appointment has been made.

Smart was elected to the position last year.

NEW BUTCHER AT ROSE BROS. STORE

Charles (Chuck) O. Miller of San Jose has arrived to take over management of the meat department at Rose Brothers Truckee Market, replacing Joseph Carter, who has resigned his position after several years at the local store.

Miller is married and has two children who will enter the Truckee elementary school this fall. Currently he is looking for a place to live.

Carter has not announced his future plans.

Reno Club Will Assist In Donner Water Plan

Members of the Washoe Rod and Gun Club at their meeting Monday gave assurance to Charles Osburn, who represented the Truckee Outdoor Sportsmen at the session, that they would lend all possible aid to conserving the fish population in Donner Lake.

Osburn pointed out that water interests in Nevada which control the lake have announced plans to hold the water in Donner until December instead of drawing it down in October as has been the custom in the past. This would mean, the Truckee man explained, that the kokanee spawn, deposited in November, will be ruined by the later withdrawal of the water.

The Nevada club agreed to cooperate with the Truckee group in preventing this disastrous condition and will add their appeal to the Nevada water users.

Vacationing—

Wilber Tong of Oakland is vacationing at the home of his mother, Mrs. Columbia Tong.

Chamber To Ask Board For 2nd Truckee Deputy

Delegation Will Make Plea At Meeting Of Board On August 22

A delegation from the Truckee Chamber of Commerce headed by President Hal Welch, is expected to appear before the Nevada County Board of Supervisors on Monday, August 22, to support Sheriff Wayne Brown's petition for a second deputy sheriff in this end of the county.

The board tentatively wiped the request off the budget recently, but the need for the additional man in this area has been further enlarged upon and has the support of Supervisor H. G. Loehr of Truckee.

Welch said this week that the directors of the chamber have unanimously endorsed the proposal and have instructed him to meet with the board and explain the urgency himself as favoring the additional man and made provision for his employment in the budget.

At present there is only one deputy, Roy Waters, in the entire eastern section of the county and it is impossible for him to provide the service which is necessary if the region is to have adequate police protection. Constable N. F. Dolley voluntarily gives assistance in police work and will continue to do so, he said, even with the additional help although this work is not incumbent upon his office.

Loehr has indicated he will do everything possible to secure the second deputy.

Public Invited To Sportsmen's Meet

Attention is again called to the public meeting of the Truckee Outdoor Sportsmen to be held at Capitol Hall this evening at 7:30 o'clock when Harry McDaniel, world traveler and lecturer, will speak and show pictures taken on his eight years in Africa, Arabia and the Middle East.

Members of the club, their families and guests are urged to attend as the program promises to be one of the most interesting held here in recent years.

The pictures to be shown and the talk were selected for sportsmen principally.

Audrey Goodpasture Will Wed John Cole At Reno On Friday

Miss Audrey Goodpasture will become the bride of John C. Cole at an evening ceremony to be performed by Rev. Bassett in the First Church of the Nazarene at Reno Friday, August 5th.

Miss Donna Goodpasture and Richard Blackman are expected to attend the young couple during the nuptial rites.

The bride-elect is the daughter of Mr. and Mrs. Virgil F. Goodpasture of Sacramento and former local residents. Since her graduation from the Tahoe Truckee High School, Miss Goodpasture has been attending Chico State College and it was there she met her future husband.

During the summer, Cole has been employed at the quarantine station here. He is the son of Mrs. Chester Cole of Chico.

In the fall, following their marriage, the couple will return to Chico where they plan to resume their educational majors.

300 Attend Pahatsi Boy Scout Barbecue

Over 300 people traveled to Camp Pahatsi this past weekend to attend the barbecue sponsored by the executive board of the Tahoe Area Council, Boy Scouts of America, according to general Chairman Howard Lee. The group enjoyed an afternoon of activities put on by the Boy Scouts, and a colorful Indian ceremony presenting Eagle awards to Larry Simmons of Post 8, Roseville and John Kroeger, Post 13, Newcastle.

Senator "Bizz" Johnson, Rube Nelson and Stan Wright served as head cooks, and an enjoyable meal was served to the many visitors.

Tragedy Averted As Plane Down At Donner Lake

Tragedy was narrowly averted at Donner Lake Saturday evening at 7 o'clock when a light plane, piloted by Dick Buek, widely known Soda Springs skier, crashed in the center of the lake with the pilot and his passenger, Miss Mary Ann Tonini, daughter of Mr. and Mrs. Elden Tonini of Truckee.

According to witnesses. Buek had been flying low over the lake in an attempt to pick up a water skier, being towed by a speedboat driven by Dale Strickland, who has the water and speed boat concession at the lake.

One of the wheels dipped into the water, causing the plane to get out of control and it dived into the lake.

Strickland quickly attached a line to the plane and was attempting to tow it to shore and had reached within 70 feet of the bank when the towed craft swamped and sank in 50 feet of water. Buek and Miss Tonini were taken into the speedboat and to shore. The latter was treated for a gash on her head but Buek escaped uninjured.

Witnesses at the lake said they expected the mishap as the pilot was swooping low over the water for some time before he crashed. State Patrolman Lyle Tice saw the accident from his location on Donner grade and radioed Patrolman Carroll Maynard who with the Truckee Fire Department's rescue unit rushed to the scene.

Fortunately none of the boats with fishermen around the lake were struck by the low-flying plane.

The plane was salvaged from the lake bottom Sunday.

CARS DEMOLISHED AS TWO CRASHES REPORTED IN AREA

Two accidents in which two vehicles were completely demolished but in which only minor injuries were suffered by the occupants, were reported by the California Highway Patrol, during the past two days.

Charles R. Shippen, Marysville, driving a truck loaded with logs, was cited by Patrolman William Gautsche after the truck crowded a car driven by Charles H. Miller into an embankment three miles south of the Truckee Tahoe Wye on Highway 89 Tuesday evening at 7:15. Miller and his wife were taken to the Tahoe Forest Hospital with minor injuries after being thrown from the car which was caught in the truck wheels and dragged 140 feet.

William C. Aley, San Francisco, had only minor hurts when his car left a curve eight miles west of the Nevada state line on Highway 40 and crashed. The vehicle was completely wrecked. Patrolman Martin Sturcke cited the driver for speeding and not having his vehicle under control.

Participation In Fair Urged By Director

C. Edmunds, director and loyal supporter of the 17th Agriculture District, urges participation in the 30th annual District Fair scheduled at Grass Valley for a four-day run August 25-28. The commercial, agricultural, cultural wealth of the Nevada County area will be on display.

Over 800 sections with 2890 prizes, seven sweepstakes and 28 champions in the senior division alone makes it one of northern California's biggest fairs. It will be an old fashioned fair with plenty of stock, fruit, minerals and industrial exhibits, he points out.

Entertainment will be clean and attractive to all ages with the Hoffman Hay Ride, the Hoosier Hot Shots seen on TV in person, a horse show, a flower show, a mining exhibit, music and scores of other attractions all for a dime-

INJURES LEG

Robert Moore, 28, Reno, employed by a tree surgery concern, suffered a severely lacerated leg Monday while employed in the woods near here. He is being treated at the Tahoe Forest Hospital by Dr. L. D. Nelson.

IT'S WISE TO ADVERTISE!

Fire Wipes Out Sawmill, Burns Big Forest Area

Wind Prevents Fire From Sweeping Toward Home Areas

Truckee experienced its worst fire in many years Saturday when the mill at the Stockton Box Company plant, owned by George Kaspian of Truckee, and more than 40 acres of brush and timber land were destroyed with a loss still unestimated, but said to exceed $150,000.

The fire is believed to have started from a welder's torch operated in the mill structure at 4:30 p.m. after the crews had left for the weekend. The flames quickly spread through the oil-soaked planking and sawdust and in a few minutes the building was an inferno.

The Truckee Volunteer Fire Department with its equipment responded to the double alarm and managed through efficient hard work to save adjoining buildings, including the dry kiln and thoussands of feet of lumber stacked in the yards.

Embers Fly

Because of the intense heat created at the mill, large flaming embers were lifted aloft and swept by a gentle west wind deposited themselves in half a dozen spots on the hillside south of the mill plant and across the Truckee river. There they ignited old logs—which had been cut down years ago, and dry brush which invited fire.

Soon the entire hillside was a mass of uncontrolled flames as a hundred volunteers, assisted by all available heavy equipment fought far into the night to bring the conflagration under control.

Most of the area burned over on the hillside was owned by C. A. Tollefson of Truckee.

Wind Saved Town

Had the wind been from the opposite direction there was better than an even chance the populated Gateway Park area and the Tahoe Forest Hospital would have been destroyed, and a south wind could have easily resulted in the destruction of the town of Truckee. As it was, the Crandall Brothers mill and holdings were not out of danger until late Saturday night.

The flames on the hillside were only a few yards from U. S. Highway 40 and a quarter of a mile from Truckee and provided an awe-inspiring spectacle which caused thousands of motorists to stop and witness the awful sight.

Many Aid

U. S. Forest Service crews from Truckee, Lake Tahoe and Donner Summit were brought to the scene after the fire got out of control. The Tahoe City equipment, manned by Chief Al Henry and his assistants, also gave valuable aid and the local firemen, spent long weary hours without relief in the battle. Fire Chief N. F. Dolley was in charge of the local department's work.

The department was called out again Sunday and for the third time Monday as the flames renewed themselves and threatened to again cause trouble.

May Rebuild

Kaspian Monday said he did not then know whether or not the mill would be rebuilt, but it was generally understood that it would, since it was partly covered by insurance.

Between 50 and 60 men were temporarily put out of work by the fire as production stopped completely both at the mill and in the woods.

Truckee Street Work Discussed By Board

Routine business was rapidly taken care of this week by the Nevada County Board of Supervisors and that body adjourned early. Among the business was presentation of the list of sub-contractors by Steven M. Caileski, Grass Valley contractor who was awarded the bid on the Nevada County detention home July 27, discussion and approval of welfare department matters and discussion on paving of Truckee streets. The next meeting is set for Aug. 22.

Driver Cited

No one was injured when a car driven by J. D. Morgan of Los Angeles and a pickup by Lorin Bradbury of Kings Beach collided just south of Kings Beach Sunday evening. Patrolman Carroll Maynard cited Bradbury for being on the wrong side of the highway and not having an operator's license.

OFFICIAL HERE

A. T. Parsons, consultant for the Nevada County Planning Commission, was here last week investigating the possibility of a county zoning ordinance and interviewing local interests on the subject.

Mr. and Mrs. Ed Kaler are the proud possessors of a new Chevrolet purchased through Reynolds' Motors.

AFFAIRS OF STATE
by Henry C. MacArthur

SACRAMENTO (CNS)—The effort to give between $24 and $35 million dollars to counties for development of their recreational facilities, out of tideland oil funds that normally would go to the state division of beaches and parks, apparently is not dead yet.

Despite defeat of a bill which would have affected this allocation by the 1955 legislature, Senatory Randolph Collier, of Yreka, has not given up on the idea that he claims will materially benefit California, through the creation of real recreation spots, rather than state parks the park commission wants to keep "in their natural state," which generally means that the parks get minimum use by the people of California.

Collier secured passage of his bill by the state senate, but in the assembly, it ran into trouble, and was referred to the rules committee for study by an interim committee.

The rules committee met recently, and agreed to look into the program, which means that it has some chance of being revived during the interim, nd taken up again either at a special session in 1956, or certainly in the regular session of 1957.

The assembly interim committee on conservation, planning and public works, which is headed by Assemblyman Francis Lindsay, of Placer County, now has the bill, and it probably will be submitted to a sub-committee which will look into the question of whether or not the counties could administer this large sum of money to better advantage than the state division of beaches and parks.

The money involved is a part of the huge reserve built up during the lengthy dispute between the state and federal government, which lasted several years, and which was resolved when the congress voted to return the oil bearing tidelands to the state in which they were located, these being primarily California, Texas and Louisiana.

The reserve led a lot to suggestions during the recent session of the legislature, as to how it should be used, ranging from transfer to the state's general fund to the Collier proposal. However, these were all defeated with the exception of one bill providing for allocations to more than a dozen projects, without matching money, which went to the governor but which was vetoed by him.

Consequently, with the exception of the money allocated to the state division of beaches and parks in the 1955-56 budget, most of the funds are intact, and although in the beachesand parks fund, can't be used until the state legislature gives permission for various projects through the budget, or through special bills. The division has a five-year program for using up the reserve, if the legislature takes no other action.

When the Collier bill, even if it ever does get by the legislature, would be signed by the governor, is another question. The original theory of the beaches and parks act was to acquire these sites with what is known as "matching money." In other words, the state puts up half the money, and some other source, either a local government or private party, the other half. In this manner, it was hoped to get twice as much park area as could be obtained through a straight purchase by the state.

RULING MADE ON TEACHER QUESTION

SACRAMENTO (CNS) — State Attorney General Edmund G. Brown ruled today that kindergarten teachers hired on a part-time basis who actually teach a minimum school day must be considered full time employes and paid accordingly.

On the other hand, Brown held, such teachers may be required to teach other classes for which they are qualified, and also perform certain non-scholastic duties.

The opinion was requested by Bruce A. Werlhof, Tehama County district attorney.

Southern Pacific Will Observe Birthdate At Capital Aug. 9th

Like a page out of the past, an old, diamond-stacked Southern Pacific steam locomotive will chug into Sacramento August 9, pulling a "pioneer" train whose ancient coach will be complete with pot-bellied stove and passengers in top hats and bustles.

Its arrival will mark the 100th birthday of railroading in the west.

It was in Sacramento on August 9, 1855, that first rails were spiked for the first railroad west of the Rockies, so Southern Pacific this year is celebrating the centennial of the initial unit of its western lines with an all-day program in California's capital.

Locomotive and car experts of SP are presently gathering and refurbishing some of the west's most historic locomotives and railroad cars. These will be exhibited, along with modern rail equipment, at the Sacramento SP station after the pioneer train steams into the city as the climax of a "Trail to Rail" pageant.

Several thousand people are expected to be on hand to greet it and watch Pony Express riders, a stagecoach from the Mother Lode mining country and reenactment of historic episodes from the early months of the Sacramento Valley Railroad.

Bringing its tiny locomotives around Cape Horn by clipper ship, that railroad punched the west's first line into the Sierra Nevada foothills to Folsom, 23 miles from Sacramento. Engineer for the project was Theodore Dehone Judah, who a few years later mapped the way for the first transcontinental over spectacular Donner Pass and who will be honored at SP's celebration this August 9.

Floriston Boy Enlists In Navy For Four Years

Wayne M. E. Germain, son of David Miles Germain, Floriston, enlisted in the U. S. Navy on Thursday for a four-year enlistment. He attended Tahoe-Truckee Unified school prior to joining the navy. At the present time Germain is in San Diego Naval Training Center undergoing his nine weeks "boot" camp.

Upon graduating from recruit training he will be given 14 days leave to come home on and visit friends and relatives.

The Presidio of San Francisco contains more than 1500 acres.

NORTH TAHOE

By JUDGE HARRY CHARRISON

Fruitful

Well it's cherry time at Kings Beach. I don't think there are any cherries at the lake other than those which are growing at Steve Riolo's at Kings Beach. Bing cherries—not many. Four years ago he had one cherry, today after a great deal of perseverance he actually has a dozen, right outside Riolo Inn, and believe me Steve is the proudest orchardist in these parts.

Good Wishes

Went over to the hospital today to see my sweet little wife, and found her counting the cards from well wishing friends. She said, "Can you imagine that—over a hundred, besides the gifts and flowers, why did I have to come to the hospital to find out how many friends I have." She had them all the time but didn't realize it. Anyway she says she shall soon be feeling good enough to write, but in the meantime says THANKS a million. It is wonderful of you all.

Homeward Bound

J. E. Higgins and family, Marilyn, Frank and Tim left Kings Beach after a two-weeks stay. They returned to Berkeley and are already looking forward to returning next year for a longer period.

More Visitors

More visitors were with the Blakes on the Gold Course, none other than her son, Howard, who flew from Alaska, to see his dad who has been sick at his home in Richmond. I am glad to hear he is improving steadily. Then he took a trip to the lake and Reno before flying back to his home in Alaska. Howard is a meat broker and is connected with the Piggly Wiggly store there.

Foot in Cast

Was at Riolo's last Sunday night and found that Mrs. Riolo has had her foot in a cast for a week or two. She is still carrying on as hostess in the dining room and doing fine.

Fire Ugly Word

Fire is an ugly word, especially when you hear the siren of the fire truck immediately after and know where there is some devastation, either a home or some careless smoker setting fire by throwing a cigarette out of the car window. I don't think anyone does it intentionally, but just carelessness without a thought of danger, to themselves at least. Be careful now. Don't wait till it's too late.

Improving

Just had word that our good real estate broker, A. J. Ketman of Agate Bay, is improving rapidly from his attack of last week, for which we are mighty thankful. Bud Jones, A. J.'s sidekick, says business is real good in the real estate line and I believe Bud is the guy that can handle it. A speedy recovery, Ket.

Seek

Can you imagine a husky guy like Larry Ludlow being under the weather? Well that's the case or rather should I say that was the case, but by this time we hope he is sitting top of the world.

In a Jam

Was amazed yesterday to look around the center of Kings Beach and see how the buildings are going up, taking every inche up to the other guy's place, when there is a million acres around the beautiful lake to build on. Hope there are no fires in the vicinity of same.

Sold

I have just heard that the Jake Glunts who live on Fox street have sold their nice home. I hope they are not contemplating moving to Florida where they have been living for the past few winters. Don't go, Jake.

Fishing

You know I had a second look at the Griff Creek Ponds today and find it is a pretty nice little place, and to my surprise they are doing a land office business. Nice people, too. It is run by Harold Rauch who has had the same business in Sparks for quite some time. We already have a couple of nice ones in our refrigerator caught in the pond. It's more fun than a picnic pulling them out and they clean them for you too. Let's go fishing A catch is guaranteed.

Coming

Just talking to John and Ethel Dixon of Crystal Bay. John says lots of news next week as we have quite a regiment coming to enjoy the beauties of the lake.

Up North

Just had a letter from Otto and Ruby Yegge, who had quite a stay at Kings Beach a few weeks ago. They are now in Washington, but wish they were still here enjoying the cool breezes of Tahoe.

New Subscriber

W. H. and Ginger Schumacher, butcher at the Tahoe Food Center and Ginger at the beauty shop of Lillian King in Kings Beach, want to know why I didn't tell them to subscribe to the Sierra Sun before. Heretofore he has had to borrow one from neighbors. Now Wendy you've got it, hope you enjoy it, kid.

Business Good

Talking to Harry Stubley, who happens to be in the real estate business at Kings Beach. He tells me business is good, too. They (Harry and Ira Blair) assistant to Mr. Stubley have just sold a very nice home that Skeet Thompson had just finished on the Truckee short cut. It was bought by Lucio B. Nigri, who hails from Jackson, Calif. He was owner of the oldest hotel in Jackson. We certainly welcome the Nigris to our community.

Expansion

See the news on another page of the wonderful progress being made, Wee Kirk O' the Pines expansion campaign. It is really remarkable. This is the clean-up weekend so get busy and make your pledge now, don't wait or falter in doing your part. It will pay dividends sure enough.

'Tis a Boy

Parents: Mr. and Mrs. Edourt Robert, owners of Sky Blue Waters, Kings Beach; born August 1 at 6:30 a.m., a boy at the Tahoe Forest Hospital, weighing 7 pounds 10 ounces. Dr. Allen Sklar was the attending physician. No name yet, they tell me, but the nick name of George has been tacked onto him for some time past.

More Visitors

Cute little 10-year-old Susan Gilbeau from Lodi is visiting the John O'Connors and next week Mr. and Mrs. Al Frares and family from Honolulu will be house-guests. Mr. Frares is the manager of the Boysen Co. in Honolulu. They are taking two months vacation on the mainland and believe me they are truly happy to spend at least a part of it at beautiful Tahoe.

NURSERY SCHOOL NOTES

TAHOE CITY — Diplomas (a daddy thought this one up), were issued to the following this year: Skip Wagner (his mommie's president); Bro Shontz, Jay's Drug; Mike Dempsey, Kehoe's of course; Denise Henrikson, Ready-Mix, and Tabor Griswald, who lives at Squaw Valley where the Olympics will be!

A puppet show was staged and pictures taken the last week of school. We sure like our rest period and the fresh milk to drink at our school. Visitors welcome.

—Euni Henrikson

Mrs. Alyce Saunders of Tahoe City wrote in a change of address to Spenard, Alaska.

LORRAINE GALLI IS MARRIED AT RITES IN TAHOE CHAPEL

TAHOE CITY—One hundred relatives and friends from the bay district and San Joaquin Valley attended the wedding on June 25 of Lorraine Galli, daughter of Mr. and Mrs. Albert Galli of Tracy to Shelley J. Smith, son of Mrs. Wilma Smith and the late Major Jeff J. Smith of Daly City.

Father Ronan Brennen performed the impressive ceremony in the Corpus Christi Catholic Church at Tahoe City, followed by a reception held in Forest Inn.

The bride, who was given in marriage by her father, chose a white lace sheath dress, matching lace gloves, white hat supporting the shoulder length veil and carried a bouquet of white carnations and blue delphinium. Miss Marlene Galli attended her sister attired in a sheath dress of blue lace, matching accessories, carrying a bouquet of pink carnations. Elliott Kamler of San Francisco acted as best man and ushers were Armando Baldocchi of Tracy and John Ruggiero of San Francisco.

The bride's mother was attired in an ensemble of dusty rose-shade, completed with white accessories and the mother of the benedict chose blue lace with navy accessories, both wore corsages of white carnations.

A white hand embroidered cloth covered the bride's table which was centered by a three tiered cake, topped with wedding bells. Crystal holders, white candles, surrounded by a wreath of gardenias added to the attractive setting. Sharlene Guadagno, a niece and Diana Baldocchi, cousin, both godchildren of the bride, circulated her book.

Mr. and Mrs. Smith later motored to Las Vegas and returned to Lake Tahoe to stay in the newly completed home of Mr. and Mrs. Galli at Rubicon Bay. They will establish their home in Daly City where both hold positions.

PASTORS SPEAKERS AT ROTARY MEET

KINGS BEACH—The regular weekly meeting of the Rotary Club of Brockway was held at Ta-Neva-Ho on Crystal Bay, Monday night, with President Bill Randell presiding.

Visiting members were present from the clubs of Reno, Tahoe City, Salinas, Turlock, Lodi. Hollywood, and Truckee.

A communication was read from the Reno club inviting our members to a barbecue in Reno on August 15 at 6:30 p.m.

The annual meeting with the West Sacramento Club will be held Saturday night, September 17 at Ta-Neva-Ho. This will be a ladies' night, with Earl Nelson acting as program chairman.

The club had as the guest speaker, Dr. Charles A. Kircher of Sacramento. Dr. Kircher served as minister of the Westminister Presbyterian Church in Sacramento for 21 years and is widely known as the chaplain of the California legislature where he has served for several terms. His subject was "Light for American Life." Dr. Kircher described his trip around the world and the necessity of protecting our religious freedom in America.

Rev. A. B. Covher of the Kings Beach Community Church was also a guest of the club and reported the progress in the campaign to erect permanent facilities for a Youth Center and educational building. Dr. Kircher is assisting in this campaign also. Program Chairman Hank Dodd introduced the guests of the evening.

JERRY HILL FETED AT BIRTHDAY PARTY

KINGS BEACH—A delightful birthday party was given by Mrs. Hershal Hill at the Carpenters Hall, Kings Beach, where Mrs. Hill was assisted by Gertrude Doyle, Mrs. Murray, Mrs. Jay Hill, Joyce Culver and Mrs. Mullis. The party was in honor of young Jerry Hill who celebrated his birthday in the midst of a beautifully decorated hall.

The following helped to celebrate the occasion: Ricky Molsberry, Janice Wing, Judy Draney, Karen Critchley, Susan Graton, Joanne Palmer, Vicky Porath, Estelle Howell, Kim Molsberry, Bruce Draney, Verne Wing, Mark Good, Linda Bonnie, Liz Bonnie, Phil Thompson, Carl Brooks, Brad Thompson, Ackie Clother, Wayne Mandeville, Carl Christiansen, Jimmy Hallahan, Brenda Hallahan, Kathy Murray, Madeline Mullis, Lowell Day, Susan Lucas, Arthur Waddell, Kathy Murray, Richard Parr, David Mills, Gary Wing, Amie Arndt, Dianna Culver, Raymond Hill and Gertrude Doyle.

PLACER INCREASES OFFICIAL SALARIES

AUBURN—Salary increases voted by Placer supervisors last week included:

Sheriff William A. Scott $5000 to $6600 a year, Assessor Lloyd Geraldson and County Clerk Lillian Rechenmacher $5700 to $6300, Recorder Clayton Goodpastor $5200 to $5400, Tax Collector A. K. Brenan and Treasurer S. B. Dunton $4800 to $5000.

Judicial district court raises went to E. T. Erskine, Auburn, to $5200; L. M. Layton and Charles Crowe, Roseville and Colfax, $4600; George English, Loomis, $4100; Harry Charrison, Lake Tahoe, $3700; Edward A. Gray, Lincoln, $3000; E. B. Schuler, Foresthill, $2400.

HOSPITAL PATIENTS

Among the patients treated at the Tahoe Forest Hospital during the weekend were Susan Mandelbaum, 14, Neponsit, N. Y., who ran a large splinter in one foot while water skiing, and James Fowler, '14, Auburn, a Boy Scout, who injured an ankle while playing at Camp Pahatsi.

Because Buick sales are soaring past all records—

We're declaring a profit-sharing bonus for you

1. You Profit on the Trade-In Deal
—with the biggest allowances in our history.
2. You Profit on the Buy You Make
—because in Buick you get the thrill of the year—in style, power, performance, value.
3. You Profit on the Resale
—because a Buick always resells high—brings you more money when you trade it in.
$2627.00 † delivered locally
—less the whopping big allowance we'll make on your present car!
†2-door, 6-passenger Buick SPECIAL Sedan, Model 48, illustrated. Any state and local taxes, additional. Prices may vary slightly in adjoining communities. A wide variety of extra-cost equipment and accessories available at your option.

THIS we've never seen before—a sales year that's shattering every record in the Buick book—a soaring success far greater than the one that moved Buick so solidly into the Big 3 of America's best sellers.

So we're going to share profits with you—by stretching our regular big trade-in allowances to practically our break-even point.

That means you can now buy the most wanted Buick ever built—for less than ever before.

That means you can have Buick style distinction and prestige—Buick room and comfort—Buick size and solidity—for plenty dollars less on the profit-sharing deals we're making now.

And that means you can have, at a terrific buy, the hottest-action Buick in history—with walloping V8 power raised to new highs, and with the spectacular performance of Variable Pitch Dynaflow*—world's first and only transmission using the switch-pitch principle of the modern plane's propeller.

Come in today—tomorrow, for sure—and see for yourself that you can now make the biggest buy of the year on the car that's far and away the thrill of the year.

**Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on ROADMASTER, optional at modest extra cost on other Series.*

Thrill of the year is Buick—

Biggest-selling Buick in History! *(So we're trading high, wide-and then some!)*

NOTICE OF INTENTION TO ENGAGE IN THE SALE OF ALCOHOLIC BEVERAGES

July 29, 1955

To Whom It May Concern:

Subject to issuance of the license applied for, and commencing not less than 15 days after the date posted, notice is hereby given that the undersigned proposes to sell alcoholic beverages at these premises, described as follows:

S|S of Hwy 40 on S|S at Intersection of Hwy 9, Truckee, Nevada County

Pursuant to such intention, the undersigned is applying to the Department of Alcoholic Beverage Control for issuance by transfer of an alcoholic beverage license for these premises as follows:

On Sale General License No. P-870-B

Anyone desiring to protest the issuance of such license may file a verified protest with the Department of Alcoholic Beverage Control at Sacramento, California, stating grounds for denial as provided by law. The premises are not now licensed for the sale of alcoholic beverages.

REGINALD E. SMART
ERALDO O. SARDI

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

Application No. 37115

Application of JOHN P. FABIAN to operate a water system in the Lake Tahoe area, Tahoe, Placer County, California; and to establish rates.

NOTICE OF HEARING

To:

John P. Fabian, 238 West Third Street, Chico, California
James Fortem, Attorney, P. O. Box 918, Chico, California
Elsie Martin, P. O. Box 227, Tahoe City, California
District Attorney, Placer County, Auburn, California
Board of Supervisors, Placer County, Auburn, California.

NOTICE IS HEREBY GIVEN that the Public Utilties Commission of the State of California has set the hearing in the above entitled matter before Commissioner Untereiner and Examiner Emerson for Thursday, August 11, 1955, at 10:00 a.m., in the Elsie Martin Real Estate Office, Tahoe City, California, at which time and place all interested parties may appear and be heard. A copy of the application is available for public inspection during business hours at the office of the Public Utilities Commission in San Francisco.

BY ORDER OF THE PUBLIC UTILITIES COMMISSION.

Dated at San Francisco, this 22nd day of July, 1955.

R. J. PAJALICH,
Secretary
Public Utilities Commission of the State of California.

COLLEGE MEN ARE GUESTS OF TAHOE ROTARY LUNCHEON

TAHOE CITY—At the luncheon-meeting of July 26 the Tahoe City Rotary Club had as a guest speaker Dr. A. Bradfield, coordinator of the Sacramento State College summer school here. In the course of his talk concerning the general progress of the summer classes here, Dr. Bradfield enthusiastically thanked the Rotarians, the Women's Club of Tahoe and the people of Tahoe City for their cooperation with the local faculty in conducting the summer session, as well as the staging of the theatrical performances twice weekly through the season.

Paul D. Beckman, speaking again at this meeting, said it is his belief that the summer session here may be the means of developing a ski team in the Sacramento college. He introduced Robert Gilburg, a contemporary artist of Nevada City. A great deal of art work—paintings mostly in water colors, were displayed on the dining room walls for inspection by the Rotarians. All these were the work of Gilburg, and the artist explained as best he could the meaning of each piece of work. He advised that contemporary art is a new symbolism, not so easily understood by the general public as the old field of art.

Basil Kehoe acted in his usual capacity as program chairman, and President Vernon Bartell presided over a meeting of 24 members, 38 visiting Rotarians from other localities and seven guests of Rotary Club members.

BOY SCOUTS STOP AT HOMEWOOD AFTER HIKE OVER MOUNTAIN

HOMEWOOD—Under the leadership of Counselors Roger Pfeffer, Steve Beck and A. J. Johnson, Boy Scouts of Piedmont Council enjoyed a luncheon at Homewood Resort last Friday.

The boys were guests of Director Henry Blaycock and Camp Cook Luella Herrin on the terrace at Homewood Resort following their return from a 70-mile back pack trip which started at Squaw Valley and ended after six days at Emerald Bay. They visited Rubicon Springs, Five Lakes Creek and other points of interest.

Following the luncheon, the Scouts left for Camp Wallace Alexander near Quincy.

Those participating in the event were Scouts Cassius Johnson, Herb Rice, Doug Patton, Tom Buckley, Dave Hughes and Dave Dugan all of Piedmont, Tom Merrill of Hawaii, Luella Herrin from South Dakota and Henry Blaycock of El Cerrito.

NORDEN MAN IS FINED IN YOLO

WOODLAND—George H. Craighead of Norden, Nevada County, must serve a year in the county jail and pay a $1000 fine for drunk driving and driving after his license was revoked. Judge Charles E. Styler of the Davis Judicial District ordered a $500 fine and a six months jail term on each count.

Lake Church Exceeds $12,000 Level For Expansion Program

KINGS BEACH—The Kings Beach Community Church has passed the $12,000 mark in their $36,000 expansion program for youth recreation and education. The first report meeting last Thursday indicated gifts amounting to $6284, and the second report meeting on Sunday night brought the total to $12,187.

The campaign continues throughout this week under the guidance of Dr. Clarence Kircher, with a final "clean-up" week early in September.

INJURES KNEE

Miss Pat Riley, coordinator of activities at Squaw Valley, injured her knee while engaged in playing football at the resort Monday. She was taken to the Tahoe Forest Hospital for treatment and released.

NEWS NOTES FROM TAHOE

by Ethel Joslin Vernon

Sunday was a beautiful day at Tahoe with nothing to mar the bright sunshine except the haze of smoke which, through the preceeding night, had drifted up the river from the blazing mountainside at the mouth of the Truckee River canyon. It was a relief to note also that there was still no wind blowing in this locality which made it seem more likely that the forest fire could have been brought under control by this time. After seeing a show in Truckee on Saturday night we were shocked to look across the river and see the beautiful wooded mountain all aflame. It is a sickening sight to watch our wonderful evergreen forests being uselessly devoured by fire. Trees that have taken centuries to grow blackened and destroyed within a few minutes time. Fire restrictions and punishment for carelessness in that line can never be made too severe, and sufficient warnings can never be sounded for the benefit of the public in general.

Gold Cup Race

For a good part of the day on Sunday the rippled waters of the lake just off the Tahoe City commons were constantly stirred into foaming waves as a group of yacht club racers put on a practice match in preparation for the coming Gold Cup events. There were seven outboard motors in all, each with its up-to-date motor howling in a different key. Arrangements for the Sky High Gold Cup Regatta have been officially signed and presented to the American Power Boat Association with date of the races set for September 10, according to an announcement made recently by Chamber of Commerce President Norman Celio. Herbert Obexer of Homewood is to be race chairman, and he is already accepting racing entries. The great event will be staged from the Tahoe Boat Company's pier in Tahoe City.

Careless Boat Driver

At the south end of the lake these warm summer days the wide sandy beach bordering the old Pope estate has become a popular swimming place because of the gently sloping land and medium shallow water for several hundred yards out from shore. It is reported that several hundred bathers take advantage of these pleasant sand-bedded waters each day now, and one day last week the huge crowds were said to have been rudely scattered when a powerful speedboat, trailing a water-skier, rushed along the shallow beach almost grazing some of the swimmers who were making every effort to get out of the way. It was reported that the operator of the speedster, after being repeatedly warned to stay out of the swimming zone, took matters into his own hands and deliberately endangered the lives of many swimmers, reminding everyone of the terrible mutilation of a young swimmer, Imogene Wittsche, by a speedboat a few years ago.

Church Concert

An unusually large crowd attended the Sunday services at the Episcopal Chapel here with Bishop Noel Porter officiating. Following the regular services a concert was given with Mary Lee Dozier of the Kansas Philharmonic Orchestra at the harp. Mrs. Frances Carlson of the Homewood locality was soloist.

Circles Lake on Bike

It seems that the next thing a lot of people think of, after arriving at Tahoe, is "What kind of race can I take part in now—either alone or with others?" In winter there are ski races—several varieties. In summer there are boat races, swimming marathons—across the lake or from end to end, and even walking contests. And, just last week a young man spending the summer at the south end made a unique locomotion record. He is Roger Lanthear, recently from the bay area, and he rides a bicycle. He got his bike out one day and started out to see what kind of time he could make around Lake Tahoe. He peddled swiftly, except for a few hills on the way where he had to get off and climb, took an hour out for lunch at the north end, and made it back to his starting point in just about 10 hours, including lunch time. That seems very good time, and as far as we know it's a record.

Chamber Meet

A preliminary meeting of the Tahoe Seirra Chamber of Commerce nomination committee was held on Friday evening at the home of the committee's chairman, C. W. Vernon. A draft of names was made for proposed election as chamber officials for ensuing term, which election is to follow sometime after the staging of the Gold Cup Regatta here. Names of nominees as listed at this time are not given here because of possible revision at the continued meetings.

Birthday Parties

Birthday parties among Tahoites continued straight through July, and to almost the last day of the month. On July 23rd came the birthday of young Donald Bury, son of Tahoe City bakers, Mr. and Mrs. Leonard Bury. It was celebrated at his home on the following day when his baker father presented him with a candlelighted cake, and his mother hosted a party with plenty of ice cream and all the usual trimmings. Friends of the family vacationing here from San Francisco were Dr. and Mrs. Alven Gillespie and their sons Paul, Carl and David. Paul Gillespie's birthday occured on the same date as Donnie's. Local guests attending were Mr. and Mrs. Harold Farr, Mr. and Mrs. Ric Giannini and children Trent and Janice, Jimmy Henry, Gregory Moore, Michael Wright, Pat and Mike Watkins, and Allen and Chuck Edge.

Barbecue Supper

Mrs. Pat Henry Fox, presently of Squaw Valley, celebrated her birthday on the evening of July 27th with an outdoor barbecue supper among the woods on the banks of Ward Creek. Steaks were barbecued over a campfire and enjoyed with other good things to eat, including a huge birthday cake. Besides the hosts, those who enjoyed the evening were Dewy and Mary Dewhurst, Harold and Lillian Farr and Mrs. Vera Gandy.

Honored at Party

Mrs. Mary Planett, visiting at the home of her daughter, Mrs. Marie Henry of this city, was honoree at a dinner and family gathering on the evening of her 83rd birthday, July 29th. A large candle-decked cake topped the generous meal prepared by her daughters, and was enjoyed by four generations of the clan, including the following: the honoree's son, Fred Planett, Mr. and Mrs. A. M. Henry, Mr. and Mrs. Malcolm Fox and daughter Tabor, Mr. and Mrs. Al Henry, Jr., son and daughter Gary and Karen, and Mrs. Celeste Planett Daniels of Las Vegas.

Houseguests

Houseguests at the C. S. (Butch) Beavers home here during the past week were Mr. and Mrs. Sathers, family friends from Palo Alto and Mrs. Sigvard Ronning, father of Mrs. Solvieg Beavers. The Sathers are godparents to little Nancy Anne Beavers.

Enjoy New Home

Mr. and Mrs. Clarence Mayhew of Piedmont are enjoying their new home on the lakeshore near Tahoe Tavern this summer. Although the place is not entirely completed the family are spending the midsummer period quite comfortably there while the last of the finish work is being done. The home was designed by Mayhew himself who is an accomplished architect, and is being constructed by building Contractor J. C. Beckman. The Mayhews' two young daughters are spending their school vacation here with their parents.

Recovers

Tahoe City friends were glad to hear of the return home this week of Mrs. Iva Bean who spent the past several days in the Tahoe Forest Hospital where she suffered a minor, but painful operation. Mrs. Bean is thought to be now well on the way toward full recovery. She is the mother of Miss Gerry Bean, Tahoe Lake school teacher.

Visit Farrs

Visiting at the Tahoe City home of Mr. and Mrs. Harold Farr over the weekend were Mr. and Mrs. William Hearne and young son Billy, from their present residence near Galt. Mrs. Hearne is Mr Farr's sister.

On Vacation

Mrs. John W. Hamilton and family of Oakland are at present occupying the guest cottage at "Agea," the Ash and Griffith estate in Tahoe City, for a short vacation. Mrs. Hamilton is a relative of the late Miss Elizabeth Ash.

Local Guests

Mrs. Edith Weatherhead of Sacramento, with her two young granddaughters, Marion and Margaret, spent a short time here last week as guests at the home of Mrs. Weatherhead's sister and husband, Mr. and Mrs. Barney Morrow.

Vernon Visitors

Visitors at the C. W. Vernon home during the past week included the following: Mrs. Myrtle Fothergill and Mrs. Anne Park from the bay area, Mrs. E. H. Ward of Pittsburg, Calif., Mabel Wills Harley of Pacific Grove and Mrs. Arthur Beyork of Concord. Mrs. Beyork is the former Dolores Johnson who spent her childhood days at Tahoe. This was her first return to Tahoe City since she left here with her parents, Mr. and Mrs. Charlie Johnson, about 24 years ago. Dolores wishes to extend greetings to all of her old friends here.

Joe Ross of the Trade Winds restaurant at Kings Beach made a trip to Sacramento and San Francisco on Tuesday to pick up some merchandise for the popular eating place.

Patrol Gives Advice To Vacation Drivers

SACRAMENTO—The California Highway Patrol today listed four rules to help vacationists stay out of traffic accident trouble. They are:

(1) Allow sufficient time for your trip so you can obey all the traffic rules and regulations.

(2)Load your car and trailer so it will not interfere with your vision in traffic.

(3)Drive only when you are fresh and alert, never after drinking or when you are fatigued.

(4)Be courteous to every other driver and pedestrian.

"Vacation time can be fun if the four simple rules are followed, not just the first few miles, but all the way to and from the vacation spot," declared Patrol Commissioner B. R. Caldwell. "All too frequently a vacationer winds up in a traffic collision because he allowed over exuberance or fatigue to interfere with his driving actions.

"The patrol's summer program of enforcement includes an awareness of the problems of vacationing mortorists and action necessary to help curtail accidents involving these drivers."

BANK OF AMERICA OPENS NOVEL UNIT AT DISNEYLAND

In setting of old-time teller wickets, brass hatracks, a roll-top desk, shiny cuspiors and Gay Ninety's costumes, Bank of America opened the doors of its new branch in the town square of the magic kingdom of Disneyland in southern California on the morning of July 18.

"There is even an 1880 typewriter in first class working order," said Frank M. Dana, vice president, operations, at the San Francisco headquarters of the bank. "But the banking service offered is modern in every respect."

Visitors, looking over the shoulders of shirt-sleeved tellers in vests and string ties, will see an ancient wooden filing cabinet, high bookkeeping desk and stool and old fashioned ledger. Everything that meets their eye will have come straight out of the 1890's.

Special souvenir guide maps of Disneyland will be available for all and special Disneyland souvenir money orders in amounts of $5, $10 and $20 may be purchased. Just so little folk won't have to reach so high to carry out their banking business, there's a special "small fry" window.

The bank will be open for business every day, including Sundays, from 11 a.m. to 5 p.m. Branch personnel will cash checks, open accounts, take deposits and handle withdrawals, loan payments and loan applications just as in any other branch of Bank of America.

CALIFORNIA WILL TAKE PART IN U.S. HEALTH PROJECT

SACRAMENTO (CNS)—A bill authorizing California's participation in the expanded federal hospital survey and construction program has been signed by Gov. Goodwin J. Knight.

The program, approved by congress last year as part of President Eisenhower's health program, emphasizes rehabilitation and care for the chronically ill and provides specific allocation of funds to states to assist in constructing chronic hospitals, nursing homes, rehabilitation centers, and out-patient departments of hospitals.

The bill, by Assemblyman William B. Rumford of Berkeley, permits the state to obtain federal funds for community hospital projects in these categories. In addition, the measure allows allocation of state funds to match federal grants. State funds are to be made available for private hospitals as well as government projcets.

An appropriation of $1,491,105 is contained in the bill for the program, to supplement $1,667,638 included in the regular budget for hospital construction assistance.

Help Prevent FOREST FIRES

Hard Liquor Intake In California Shows Jump

SACRAMENTO (CNS)—Californians jumped the intake of hard liquor a seventh in May of this year compared to the same month a year ago, the state board of equalization reported here today.

The board said it collected $1,639,990 in taxes on all liquor for the month, which was 8½ per cent more than the May distributions of 1954.

Distilled spirit taxes amounted to $1,313,634 and beer and wine, $326,356, the latter being a 10 per cent decrease which the board said was not unexpected, due to the heavy advance buying of merchants in April in anticipation of a trucking strike.

Huge Revenue Comes From Gasoline Taxes

SACRAMENTO (CNS)—May distributions of gasoline in California brought the state gross revenues of $23,434,159, the state board of equalization reported here today.

The board said fiscal year revenues through May amounted to $217,254,545.

Aggregate gallonage for the first 11 months of the fiscal year, the board said, topped four billion, an increase of 3.7 per cent over the prevoius fiscal year comparative period.

State School Enrollment Passes 2,000,000 Mark

SACRAMENTO (CNS)—California's school population at the close of the first quarter of 1955 totaled 2,332,021, Roy E. Simpson, state superintendent of public instruction, reported here today.

Enrollment on March 31 for Nevada County, Simpson stated, was 3508, an increase of 84 students or 2.5 per cent over the previous year.

Only four counties in the state showed a decrease in enrollment over the previous year. These were Alpine, Lassen, Mariposa and Plumas.

School pupils were about equally divided between male and female, with 1,205,698 boys and 1,126,323 girls.

Believing Husband Dead, Summit Mate Remarries

When Daniel C. Schmidt, one of the 11 American airmen, scheduled to be freed this week by Communist Chinese, returns home, he will be greeted by his wife, Una, who thinking her husband had been killed, in the meantime has remarried Alford D. Fine, a logging worker near Cisco. Mrs. Schmidt married Fine last September and did not learn until recently that Schmidt was a prisoner.

The summit mother of a son born March 31, 1953, said she will meet Schmidt when he arrives in San Francisco.

"We have a great deal to discuss, including the future of our son. I believe we can straighten out all our difficulties," she declared.

Visit Parents—
The Gino Pierotti family of El Cerrito are visiting her parents, Mr. and Mrs. J. Digesti.

WARNING

Discharging of firearms in or near the Truckee Sanitary dump and at the disposal plant east of Truckee is absolutely prohibited and violators will be prosecuted to the full extent of the law.
By order of the
TRUCKEE SANITARY DISTRICT
R. W. Seibold, President.

California Hotel Given Complete New Carpeting

The Hotel California at Sacramento, owned by Matt Green, former owner of Tahoe Tavern has just undergone a complete recarpeting with all of the 120 rooms being done over with new carpets and foam rubber base. R. A. MacCartney, the hotel manager, was in Truckee this week for a brief stay.

The California is 100 per cent air conditioned, has circulating ice water in all rooms and provides free over-night parking, has a coffee shop and cocktail lounge. It is advantageously located at 8th and Eye streets.

Lecturer Will Speak At Wyethia Meeting

Wyethia Club members are asked to take guests to the 8 p.m. meeting to be held tomorrow evening in the clubhouse when they are scheduled to hear an illustrated talk on Arabia by Harry McDaniel.

Mrs. Jack Wolertand Mrs. Henry Loehr will play several instrumental selections to conclude the program. Mesdames Loehr, William Carver, Thelma Norris, Oscar Schumacher will be hostesses for the evening.

Maurice Franzini of Colfax is working for the Truckee Coca-Cola Bottling Co.

A notice to all public spirited citizens, are you interested in good full-time protection for yourself and family, and possessions. It is my belief that our Truckee-Donner Lake area needs another full-time deputy sheriff to give us adequate police protection on a 24-hour basis. As some of you know the Board of Supervisors saw fit to strike from the sheriff's budget for this coming year the provisions for a second deputy for our area. Your chamber has gone on record as favoring more law enforcement for our area, and we plan to make the trip to Nevada City, on August 22 of this month to ask for more protection. This is a request, for all interested people of this area to express yourselves by accompanying us come August 22.

* * *

At a meeting of the County Planning Commission last month I was authorized to appoint a committee to study the possibility of zoning this end of the county. Your chamber has agreed that some kind of zoning plan is necessary for our own protection. Now we would like to know what kind of zoning plan you land-owners of this end of the county want. Therefore, I am calling a special meeting of all land-owners and any other interested parties to meet with our board of directors on August 16 at the high school to discuss these plans. Your chamber will have a tentative plan drawn up to present to you at that time. I sincerely urge all of you to mark your calendar now so you won't miss this very important date: Remember now the date, August 16, the place our high school, the time, 8 p.m.

—HAL WELCH

Judge Jones Called To Officiate On Bench

Retired Superior Court Judge George L. Jones of Nevada City will leave retirement this month to sit in on the Nevada County Superior Court when necessary in the absence of Judge James Snell who is on his annual vacation. Judge Jones' appointment was announced by the California State Judicial Council.

Methodist Church Notes

Saturday seven high school youths and Rev. Osman will be leaving for the Institute Summer Camp program at Camp Sierra near Shaver Lake in California. When last reported only four were going, but now it has been increased to seven very quickly. The following are going: Dorothea Frey, Janice Notley, Glenda Lakey, Nancy Kaspian, Sandra Frank, Joyce Hallett, and Janet Allen. They will return on August 13.

Because so many will be in camp, there will be no MYF meeting Sunday or Monday next week. The next meeting will be Monday evening, August 15.

Rev. Osman asks that parents keep in mind that Vacation Church School plans are underway and that the opening day of school is August 15.

CARD OF THANKS

The Truckee Volunteer Fire Department takes this means of saying thanks to the women who provided the food and water buckets details at the fire Saturday night. We also appreciate the fine work of Chief Al Henry and his crew from Tahoe City and other volunteers who gave very valuable assistance.

—Fire Chief N. F. Dolley

CARD OF THANKS

The Stockton Box Company wishes to thank the Truckee Volunteer Fire Department, U. S. Forest Service and all other volunteers who fought the fire last Saturday.

A. L. ELLIS,
Mgr. Stockton Box Co.

CARD OF THANKS

It gives me a great deal of pleasure to thank all of our friends for the many kindnesses shown to us during my recent illness.

E. A. PARKER

CARD OF THANKS

I wish to express my sincere appreciation to the Truckee Volunteer Fire Department and all the local personnel of the Tahoe Forest—for their splendid efforts in fighting the fire on my property.

C. A. TOLLEFSON

CARD OF THANKS

To the staff of Tahoe Forest Hospital and other friends who were so kind during my recent illness, I am taking this means of conveying my sincere appreciation.

GENO GIOVANNONI

STANLEY E. ZWARG well known resident of Truckee, and PBX repairman for the Pacific Telephone and Telegraph Company, receives congratulations from merchandising director, E. J. Patrick of this territory, for outstanding merchandising and sales work in the Truckee-Tahoe region at a recent luncheon held at the Riverside Hotel in Reno, honoring Zwarg.

LOCAL ROTARIANS AT LOYALTON PARTY

Fifteen members of the Truckee Rotary Club last Thursday traveled to Loyalton to attend the annual barbecue given by the club of that town. Those making the trip included Joe Mattos, William Curran, John Richards, Charles Osburn, George Bettencourt, Dick Swanson, Lee Nesbit, Bud McDaniels, John Ciardella, Fosten Wilson, Ralph Rawton, Jim Sherritt, Hank Gall and Ralph Frank.

Monday evening a Rotary round table was held at Donner for the benefit of visiting Rotarians and for those unable to attend the Loyalton barbecue. Local members present included Fosten Wilson, Allan Pollack, Bill Carver, Carroll Maynard and Ed Grant.

BOAT HEARING AT TAHOE AUGUST 11

The California Public Utilities Commissoin has set the public hearing in the matter of Edward B. Scott, Lake Tahoe Navigiation and Supply Co., to operate vessel passenger service between points along the California shore at Lake Tahoe and to establish fares therefor.

Commissioner Justus F. Craemer and Examiner John A. Rowe, Jr. will preside at the hearing which will be held Thursday, August 11, at 10 a.m. in the Lake Tahoe Community Center, Tahoe City.

At this time and place, all interested parties may appear and be heard.

PATRONIZE LOCAL MERCHANTS

FOOT CUT

William Segler, Concord, cut a deep gash in one foot while chopping wood at a Cold Spring camp on Donner Summit and was treated at the Tahoe Forest Hospital and later released.

Sisters Visit—
Mrs. Nell Mitchell of Oakland returned home after a week's visit with her brother-in-law and sister, Mr. and Mrs. A. E. Burlingham. Mrs. Mitchell is a native of Truckee and renewed friendships during her stay.

Return to Bank—
Ross Buell, son-in-law of Cecil Edmunds resigned as superintendent of the U. S. Mint at San Francisco several weeks ago and has returned to the banking business. Arthur C. Carmichael has been named at Buell's successor.

Visit Daughter—
Rev. and Mrs. Cecil DeGarmo of Cub City, Wis., are visiting here with their son-in-law and daughter, Mr. and Mrs. Ted Hawkins. Rev. DeGarmo is pastor of the First Methodist Church in the Wisconsin city.

Visit From Hawaii—
Mrs. H. C. Booth and son, Richard, of Honolulu have been visiting here as houseguests of Mr. and Mrs. Nelson Stone for the past three weeks. Booth, a former official of the U. S. Forest Service here, is now employed as a civilian employe with the army in Hawaii.

The oldest army headquarters in the United States is the Presidio of San Francisco.

There are six national battlefield sites in the national park system of the United States.

HURTS BACK

Mrs. N. F. Dolley is a patient at the Tahoe Forest Hospital suffering from an injury to her back as the result of a fall Saturday evening.

At Bay—
Mrs. Paul Kaspian, recently ill, has been visiting in Oakland. Her husband returned from the bay district the first of the week.

REFUSE REQUEST

Use of septic tanks on Tahoe Realty Company's Sierra State 67-lot subdivision adjacent to Tahoe Tavern property was turned down by Placer County Health Department last week. James Wheat, department chief, told the planning commission that " . . . small lots are wedged together in such a way that tanks will not do for means of sanitation."

5L-40 "WONDER GIRL"

—A swim suit to get a girl compliments galore! Jantzen's wonder Crinkelpuff shirring on the bra and in the slim torso help create a perfect figure for you. The bra boning adjusts to your curves and elasticized bra lining keeps curves in marvelous control; "Accents" bra-pads may be added if needed through the bra openings. Styled with double, detachable straps and self-locking back zipper. Acetate-Laton Sun Taffeta in a dozen heavenly new colors;

10-18, $15.95.

Tarzan

by EDGAR RICE BURROUGHS

TARZAN SUGGESTED THAT THE KING SEND A MESSAGE TO THE RED KNIGHT, ASKING HIM TO SETTLE THE WAR BY PERSONAL COMBAT.

ALBERT'S CHALLENGE TO THE RED KNIGHT WAS DELIVERED, THERE WERE SOME ANXIOUS MOMENTS OF WAITING--AND THEN AN ARROW STRUCK, WITH PAPER AFFIXED TO ITS SHAFT!

"HE ACCEPTS!" READ THE APE-MAN EXCITEDLY, "HE WILL MEET ME IN FULL HARNESS ON THE JOUSTING FIELD AT SUNRISE!" 8-7-1274

LATER, TARZAN TOLD THE AILING SIR ROGER THE NEWS. "BAH!" HE SNAPPED. "THIS MYSTERIOUS CHALLENGER IS A FOOL, WHOEVER HE IS--"

"I DOUBT THAT EVEN I COULD THROW THE RED KNIGHT. VERILY, AND I GRIEVE, THERE WILL BE A NEW KING ON THE MORROW..."

...THUS, THE DAY OF DECISION DAWNED. THE RED KNIGHT HAD NOT YET APPEARED ON THE FIELD, SO ALL SPECTATORS GAZED AT THE 'UNKNOWN' CHALLENGER--A STOIC FIGURE IN WHITE ARMOR!
